SECTION 2, SUBJECT INDEX

This subject index follows the format of the National Library of Medicine's *Index Medicus*. Headings have been added.

Entries take this form: volume and number, senior author, first page of article. For example, 16:3 Brissett (407) refers to the article "Reflections on the Treatment Process by Nonabstinent Alcoholics," by D. Brissett, J. C. Laundergan, and S. M. L. Kammeier, found in issue 3 of this volume, beginning on page 407. From this section of the index, reference can be made to Section 1 for the full title and authors of a particular article.

All original contributions to *The International Journal of the Addictions*, Volume 16, are indexed. Book reviews and communications are not included.
